The Perfect Notebook for our times

Shrinking IT budgets. Staying in touch with colleagues and customers. Working remotely while staying productive and comfortable. These are some of the challenges facing many companies today.

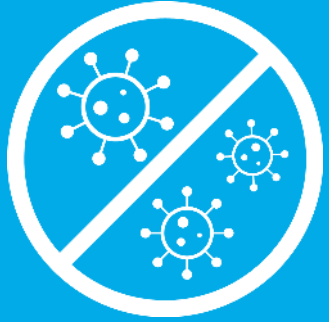

And our new Satellite Pro C40-H helps you meet these challenges easily - it may be our most affordable Notebook but it doesn't compromise on features and the solid quality you've come to expect from a Dynabook machine. And to top it off, it looks great too!

To keep up with the times, the Satellite Pro C40-H is treated with a **special coating** that inhibits growth of micro-organisms such as bacteria, features the latest **Intel 10th Gen processors**, an **anti-glare screen** for comfortable viewing, a **HD webcam** for remote meetings, a **generously-sized touchpad**, a **full-suite of ports**, and more..

Pro C40

Keep bacteria at bay

Anti-bacterial paint coating

All painted surfaces of the Satellite Pro C-series are treated with a special anti-bacterial coating which inhibits the growth of microorganisms.

Tested to Japanese Industrial Standard Z 2801:2010, to a level of 99.9%*, you can be assured that these surfaces will not be a breeding ground for bacteria.

*Based on web research performed on June 1st

Tackle the workday in comfort

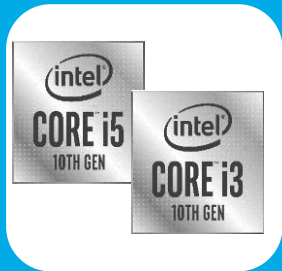

A dream to use, at the desk or on the road

- Weighs just 1.49kg
- Gigabit LAN, Intel Wireless LAN to stay connected
- USB Type-C™ with data, power delivery and display for expanded connectivity
- Ergonomic keyboard and the largest dynabook trackpad make the Satellite Pro C40-H easy and accurate to work on
- The Anti-glare FHD/HD screen provides an excellent viewing experience

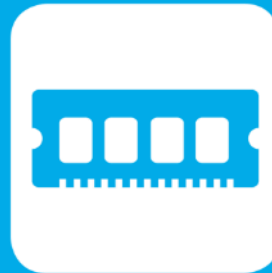

The ideal device to power your day

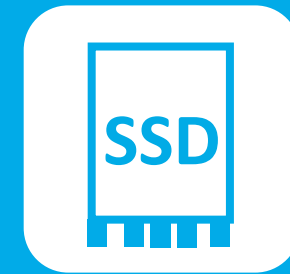

Affordable enough to outfit an operation, powerful enough to ensure it succeeds.

Choose from Intel's latest
10th Gen processors

Up to 16GB of DDR4 RAM
for serious multi-tasking

Faster bootups and
data access with SSD
storage

Be there without going there

Seamless communication with customers and colleagues is more important than ever.

- HD webcam enables meetings that really feel face-to-face
- Microsoft Cortana-enabled microphone connects users
- Bluetooth® enabled for your choice of wireless headphones (and, of course, there's a headphone socket as well for when you need it)

Make any environment your workplace

Fully loaded with connectivity.

USB-A ports on both sides of the device

Security Lock Slot

microSD card reader,

Fast and reliable flip type Gigabit LAN and 802.11ax Wi-Fi6 enable effortless network access

HDMI port for plug-and-play connection to external screens

USB Type-C™ 3.1 port supports charging, external display and data transfer

Security you can trust

Peace of mind as standard

- Firmware-based Trusted Platform Module 2.0
- Optional Fingerprint biometric authentication
- User and administrator password access keeps data out of the wrong hands
- Security Lock Slot ensures the laptop stays where you left it

Perfect, from the ground up

Processor	Intel® Core™ i3-1005G1 Dual Core Processor (1.2GHz up to 3.4GHz, 4M Cache) Intel® Core™ i5-1035G1 Quad Core Processor (1.0GHz up to 3.6GHz, 6M Cache)
Operating System/ Platform	Windows 10 Professional 64-bit or Windows 10 Home
Microsoft Modern Device	Yes
